	24	Here are some words translated from an artificial language. tamceno means sky blue. cenorax means blue cheese. aplmitl means star bright. Which word could mean “bright sky”?
	25	Here are some words translated from an artificial language. gorblflur means fan belt. pixngorbl means ceiling fan. arthtusl means tile roof. Which word could mean “ceiling tile”?
	26	Here are some words translated from an artificial language.. hapllesh means cloudburst. srenchoch means pinball. resbosrench means ninepin. Which word could mean “cloud nine”?
	27	Walk into any supermarket or pharmacy and you will find several shelves of products designed to protect adults and children from the sun. Additionally, a host of public health campaigns have been created, including National Skin Cancer Awareness Month, that warn us about the sun’s damaging UV rays and provide guidelines about protecting ourselves. While warnings about the sun’s dangers are frequent, a recent survey found that fewer than half of all adults adequately protect themselves from the sun. This paragraph best supports the statement that
	28	Yoga has become a very popular type of exercise, but it may not be for everyone. Before you sign yourself up for a yoga class, you need to examine what it is you want from your fitness routine. If you’re looking for a high-energy, fast-paced aerobic workout, a yoga class might not be your best choice. This paragraph best supports the statement that

	29	For too long, school cafeterias, in an effort to provide food they thought would be appetizing to young people, mimicked fast-food restaurants, serving items such as burgers and fries, pizza, hot dogs, and fried chicken. School districts nationwide are now addressing this trend by incorporating some simple and inexpensive options that will make cafeteria lunches healthier while still appealing to students. This paragraph best supports the statement that
	30	During the last six years, the number of practicing physicians has increased by about 20%. During the same time period, the number of healthcare managers has increased by more than 600%. These percentages mean that many doctors have lost the authority to make their own schedules, determine the fees that they charge, and decide on prescribed treatments. This paragraph best supports the statement that doctors
