*The maps show the change of Pentland from 1980 to 2007.*

*Summarise the information by selecting and reporting the main features, and make comparisons where relevant.*

Write at least 150 words.

Answer:

The above diagram shows the evolution of Pentland from 1980 to 2007. It is clearly apparent that the evolution includes numerous advancements in residential and commercial sectors as well as the construction of marine for a yacht, shops, houses, and car park.

The 1980 Pentland was very precise and neat which had grassland in the south, a car park in the east, an industrial area covered the west and there was a sea in the north and two intersecting roads. But by 2007, the whole area drastically changed or relocated. The southern portion now had numerous houses lined up on one side and the other side has a cinema hall.

There is a park, swimming pool, and multi-storey car park on the eastern side. The western side has apartments followed by shops alongside. There is also an additional road constructed alongside the yacht marina.
